WHAT IS A CUSTOMER?

A *Customer* is the most important person in this store. He is not dependent on us—we are dependent on him.

A *Customer* is not an interruption of our work—he is the purpose of it.

A *Customer* is a person who brings us his wants. It is our job to handle them profitably to him and to ourselves.

*Thank you* for the privilege of serving you!

# Competition Rules

Each corps shall be on the field not less than 13 minutes and not more than 15 minutes. A total of 5 minutes may be consumed at the halt (the aggregate time used by a maneuver, presentation or concert formation).

A WARNING GUN SHALL BE FIRED AT THE EXPIRATION OF 13 MINUTES.

A stop of 30 seconds or less in executing a maneuver will not be included in the time at halt. A stop begins when the last one of the corps proper comes to a halt and ends when the first one leaves the halt.. NOTE: Drum majors, Drill masters, etc., will not be considered a part of the corps proper under this rule.

Each corps will enter the field over a starting line at one end of the field and leave the field over a finish line at the opposite end of the field.

At all times the entire corps must stay within the bounds of the contest area. The "entire corps" is all personnel used by that participating corps to put on its exhibition.

Time will start for a corps when its first playing member crosses the starting line and shall stop when its first playing member crosses the finish line. (If a playing member steps over the finish line and is within the corps proper, then he is out-of-bounds. If he fails to return to the corps, the corps is considered off the field and judging ceases).

Judging will start with the first gun and end with the final gun.

A corps shall not use a preliminary flourish of more than 10 seconds before it begins to cross the starting line. The flourish shall be any bugle, drum or cymbal combination.

### EQUIPMENT

The equipment of all corps shall be limited to drums, bugles and cymbals. (A bugle is considered a standard G-D type or straight G horn).

### COLORS AND STANDARDS

The color guard may be used in any manner that the corps may see fit. However, if the color guard is used in any manner of presentation, maneuver or drill they will be subject to the same penalties for errors as any other part of the corps. The color guard will not be penalized for halting for a longer period than 30 seconds. When color guard or colors are used by any corps, it must cross the starting line and finish line prior to or simultaneously with the corps. When the color guard or colors are not used in any form of drill or maneuver except in presentation, it must take up a position within the competing area and not go off the field. (PENALTY 2 POINTS)

### CADENCE

Corps shall be required to march at a cadence of 128-132 steps per minute and shall be penalized 1/10 point for each error. Cadence shall be counted five times for not less than 30 seconds. (1 minute preferred).

### JUDGES

1. No person will be allowed to act as a judge who is connected with any competing corps as an instructor regardless of where he comes from or where the corps is located. Each judge shall be especially qualified to judge that part of the contest for which he is selected.

2. All judges must follow the corps about the field at all times and all judges will be at the starting line when the corps comes on the field and at the finish line when the corps goes off the field.

3. Judges shall have complete privacy during the contest and no one will be permitted to approach them under any circumstances or conditions. At no time will anyone be allowed on the field except the judges.

4. In all contests a final gun will be sounded at which time a corps is given ten seconds to stop playing entirely. At no time will a corps be permitted to use whistles, music or street beat within a half mile of the contest site. This will be rigidly enforced.

5. In the event of a tie, the corps involved will take the field and be completely judged again in an attempt to break the tie unless they arrive at a mutual agreement otherwise. There will be no inspection.

6. GENERAL PENALTY. Corps violating a rule or any part of a rule for which no specific penalty is provided shall be penalized 2 points for each violation.

**7. POINT SCORES: INSPECTION—5 POINTS, CADENCE—5 POINTS, BUGLING—25 POINTS, MARCHING AND MANEUVERING—30 POINTS, DRUMMING—25 POINTS, GENERAL EFFECT—10 POINTS.**

# Judges

We take pleasure in presenting a team of judges from the All American Judges Association whose business is the "know-all" of Drum and Bugle Corps. These judges received the approval of the competing corps.

# A Word of Thanks

Space would be quite inadequate to list all those who by word or deed helped us in the preparation of this souvenir book and in one way or another aided us in the work of the Hershey Competition this year. Hence, let us be content to say THANK YOU! ONE AND ALL. . . the radio stations, the newspapers, in and away from York, who told the story in their columns and on the air. Last and by no means least we want to thank the merchants, distributors, manufacturers, clubs, organizations and the many individuals, in and out of the Legion and the Drum Corps, who either as advertisers or patrons, listed and unlisted, made this program possible.

# The Hershey Invitation Trophy

Sponsored by

## The Julius Music House

YORK, PENNSYLVANIA

This beautiful thirty-four inch, gold-plated trophy, mounted on three mahogany bases, is known as a traveling trophy and will be presented in addition to first prize money to the top-scoring corps to remain in their possession until the next annual competition. Provision is made for the inscription of each year's winning corps on the base of the trophy.
